

KICKOFF

Welcome to your finance team.

The books are ours now. Here is how we will work together, what happens next, and the few things we will need from you.

THE HANDOFF

From today, you stop carrying the books.

You stay the decision maker. We take over the close, the reconciliations, the reporting, and the follow ups. You get your time back and a clear picture of your business every month. When you have a financial question, you have a team to ask, not a spreadsheet to open.

YOUR TEAM

A team, not a single desk

Turnkey is a U.S. led finance team supported by our delivery function. Clear roles mean nothing depends on any one person being free.

Client Lead

Owens your relationship, your reporting, and the quality of what you receive.

Bookkeeping & delivery

Categorization, reconciliation, and preparing your close.

Client operations

Scheduling, sending your package, and keeping things moving.

THE RHYTHM

Your month, in business days

BD1
OPEN**We open the month**

Bank and card activity flows in. Nothing needed from you.

BD3
YOU**Open items list to you**

One short list of what we need. Quick replies keep the close on time.

BD6
REVIEW**Full quality review**

Your books are reviewed for accuracy before delivery.

BD10
DONE**Financials in your hands**

Closed month plus a plain language summary, by the tenth business day.

THE TOOLS

The systems we will use

We meet your business where it already runs and keep the tool list short and secure.

Your accounting file

We work directly in QuickBooks Online, so there is one source of truth for your numbers.

Secure document sharing

A safe way to send statements and receipts. Credentials are never traded over plain email.

Payroll and spend tools

Where they apply to your business, we connect to the payroll and card tools you already use.

Your reporting

Delivered in a clean monthly package, with custom dashboards available as an add on.

GETTING STARTED

Your first 30 days

Week 1

We take the keys. Access is set up securely and we get to know your accounts and how you operate.

Weeks 2 to 3

We work through your books and prepare your first clean close, flagging anything that needs your input early.

By BD10

You receive your first monthly financials from Turnkey, with a summary you can actually read.

Ongoing

The steady monthly rhythm takes over. Same cadence, same clarity, every month.

YOUR PART

What we need from you

Small and predictable. The faster these come back, the sooner your financials are done.

- ✓ To get started: secure access to your accounts and any recent statements.
- ✓ Each month by BD3: statements we cannot pull, memos for a few flagged items, and any approvals waiting on you.
- ✓ Any time: a heads up on anything unusual, a new account, a big purchase, a change in how you run.

HOW WE WORK

You will never be left waiting

What you send	When you hear back
A general question or request	Within one business day
A question during your monthly close	Same or next business day
Something you flag as urgent	Prioritized the same business day where possible

Questions about your numbers are welcome any time, not only at your review. For tax or legal questions, we will point you to your CPA or attorney.

STAYING IN TOUCH

One place for everything

Documents, questions, a change in your business. Send it all to **{{CONTACT_EMAIL}}** and the right member of your team picks it up. You never have to figure out who to route it to.

[Turnkey internal, set before presenting] Replace the contact address before this deck goes in front of a client. The finance@ mailbox is a pending decision; use the deal owner's Turnkey address until it exists.

WELCOME ABOARD

Let's get your numbers working for you.

From here, the rhythm takes over. Clear books, clear reports, and a team that already knows your business. We are glad you are here.
